

## Fund for the Future

Thanks to the initiative of a generous donor, in 2020 the Many Hands Board established the **Fund for the Future** in order to enhance the future sustainability of Many Hands. The Fund is set up substantially like an endowment and serves as a long-term investment vehicle for unrestricted gifts and bequests. Distributions from the Fund will support Many Hands' operating needs, such as educational events, special projects, and Board and/or member trainings.

### How will Many Hands raise money for the Fund?

Donors may direct gifts to the Fund for the Future. These gifts are distinct from membership contributions to the Grant Fund and Sustaining Members' contributions to current-year operating expenses.

### How will Many Hands manage the Fund?

The Investment Committee of the Board oversees the Fund in accordance with an Investment Policy that defines the Fund's goals and establishes investment, spending, and reporting guidelines.

### How can I support the Fund?

Many Hands gratefully accepts gifts for the Fund by credit card, check, Donor Advised Fund, in the form of securities, and as bequests. Your donation may also be eligible for an employer matching gift.

**For more information about the Fund for the Future or to discuss your tax-deductible gift, please contact us at [future@manyhandsdc.org](mailto:future@manyhandsdc.org).**
